

Environmental Services for Industry

Stéphane Caine
 Vice President Industrial Marketing
 Veolia Environnement

Our Services to Industry

Global Leader in Environmental Services

Industry, when seeking to refocus on its core business, looks for expert partners able to take full responsibility for environmental impact management and for the operation of its utilities in a cost-effective, safe and sustainable way.

At Veolia Environnement we focus on our own core business of environmental services, which we deliver through long-term contracts. We are thus ideally placed to contribute to meeting the challenges faced by industry in our field.
